

MASTERS IN REGIONAL INTEGRATION AND AFRICAN DEVELOPMENT (MRIAD)

Regional integration is a relentless reality of modern times, and it is even more important for Africa. The rationale for a Masters programme in Regional Integration and African Development is based on the crucial need for highly skilled and trained experts to consolidate and improve integration processes in Africa. The **overall aim** of the Masters programme in Regional Integration and African Development is to provide students a unique opportunity to deepen knowledge and gain expertise in this area of growing significance for African development.

ADMISSION REQUIREMENTS

A good Bachelor's Degree (a second class lower or better) or equivalent professional qualification from a recognized professional institution.
